Call for Poster Abstracts: Research in the Reserve:
Studying Ecosystems of the Tidal Hudson

Hudson River National Estuarine Research Reserve
Norrie Point Environmental Center, Staatsburg, NY
Wed. March 11, 2020, 9 a.m. – 4 p.m.
Snow date April 10, 2020

The Reserve is soliciting abstracts from graduate and undergraduate students, environmental monitoring groups, resource managers, and scientists for a poster session during the forum Research in the Reserve on March 11, 2020.

We are soliciting poster abstract submissions related to Hudson River estuarine and shorezone habitats, environmental literacy, human dimensions research, impacts of climate change on estuarine habitats, use of Reserve’s long-term data or mapping products, restoration science, research conducted at the Reserve’s component sites or in collaboration with the Reserve. Other topics can include local land use impacts, ecosystem dynamics, fisheries and wildlife biology, ecosystem change, non-indigenous species and water quality.

Note that poster board dimensions are 48” x 36” (either landscape or portrait. The Reserve may need to limit the total number of posters presented due to available space.

All abstract submissions must include the following (in M.S. Word format):
1. Principal investigator (PI): name, mailing address, phone, and email address;
2. Names and affiliations of all Co-PIs;
3. Poster Title;
4. Abstract of 250 words or less;
5. Poster type: high school, undergraduate, graduate student, or other

Abstracts must be submitted by Wednesday February 26, 2020 to:
emilie.hauser@dec.ny.gov
Questions? Contact Emilie Hauser at 845-889-4745 x 112

Register for the conference at: https://www.hrnerr.org/hrnerr-research. Include in the comment section, that you plan to submit a poster abstract.
